

**Position Announcement
Teaching Assistant Positions**

EDPS 459: Introductory Statistics

Summer 2024 and 2024-25 Academic Year

The student(s) in this position will have primary instructional responsibilities for teaching EDPS 459: Introductory Statistical Methods. Applicants should have a strong command of the concepts and methods of introductory statistics as well as a commitment to providing quality instruction. Prior experience working with introductory statistics is highly desirable. The assistantships are half-time (20 hrs. per week). Additionally, there is one section available for the 2024 summer first five-week session. For more information contact Dr. RJ De Ayala at rdeayala2@unl.edu.

APPLICATIONS:

Complete the application form (below) indicating your interest in receiving a teaching assistantship. Please submit your application no later than March 22, 2024.

Submit the application form as an attachment to an email with the subject line of 'QQPM 459 TA' to:

RJ De Ayala rdeayala2@unl.edu
