

**Position Announcement
Graduate Assistant Positions**

NEAR Center Assistantships:

Summer of 2024 and/or 2024-25 Academic Year

There are several assistantships available in the NEAR Center. These are generally half-time (20 hours per week) assistantships, but appointments of fewer than 20 hours per week could be arranged.

Job Responsibilities:

1. Provide consultation in quantitative and/or qualitative research design.
2. Assist clients in setting up analyses of data from written hypotheses.
3. Upload and download data files between microcomputers.
4. Interpret computer program output.
5. Help debug computer package programs.

Required Skills/Experience:

1. Good interpersonal skills.
2. Good problem solving skills.
3. Coursework in experimental design, correlational methods, qualitative methods.
4. Experience working with microcomputers.

Desirable Skills/Experience:

Coursework in measurement theory and methods, multivariate statistical methods, nonparametric statistical methods.

For more information contact Dr. Jim Bovaird at jbovaird2@unl.edu.

APPLICATIONS:

Complete the application form (found on this site) indicating your interest in receiving a teaching assistantship. Reviews of applications will begin no earlier than Monday, March 20, 2024.

Submit the application form as an attachment to an email with the subject line of 'QQPM NEAR GA' to:
