

Your Input is needed and valuable in helping Beatrice and Gage County. Please go online and complete the ECAP Discovery Tool here: go.unl.edu/gagecounty

What is ECAP?

Beatrice/Gage County has been selected to participate in a pilot program called the Entrepreneurial Communities Activation Process (ECAP). The ECAP process is facilitated by the University of Nebraska Extension with the assistance of the Beatrice Steering Committee. As part of the process, we are gathering input through a Discovery Tool from those who live, work, shop or frequent Beatrice and Gage County communities. Your input is important and valued. By engaging in ECAP we will be able to identify ways that the communities and county can move toward positive change and better understand our unique characteristics, community assets and potential opportunities.

- ◆ Community Vision
- ◆ Culture of Change
- ◆ Leadership
- ◆ Infrastructure
- ◆ Digitally Connected
- ◆ Entrepreneurial Support System
- ◆ Sense of Place
- ◆ Education/Workforce IQ

Complete the Discovery Tool online at go.unl.edu/gagecounty

Join us for a series of meetings starting February 3rd, 7 PM, at the Good Samaritan Society Event Center in Beatrice, to learn about the Discovery Tool results and to begin action planning. For more information please contact the NGage office 402.228.5869, Beatrice Area Chamber of Commerce 402.223.2338, or Beatrice Main Street 402.223.3244.
