St. Johnswort (Hypericum perforatum)						0
Sulphur cinquefoil (Potentilla recta L.)						0
Ventenata (Ventenata dubia)						0
Wild Parsnip (Pastinaca sativa)						0
Wintercreeper (Euonymus fortunei)						0
Yellow bedstraw (Galium verum)						0
Yellow bluestem (Bothriochloa ischaemum)						0
Yellow flag iris (Iris pseudacorus)						0
Total Acres Infested	0	0	0	0	0	0

Return completed report to: Nebraska Department of Agriculture, Animal & Plant Health Protection, PO Box 94756, Lincoln, NE 68509

Rev 2021

The list of Invasive Plants in Nebraska was produced by the Nebraska Invasive Species Council, and include species that have been known to be invasive in at least one habitat type. Some species may not show invasive tendencies in other habitats. These lists are advisory in nature; they are provided as an educational tool and are not intended, alone, to dictate management actions or for regulatory action.
